WRD. PROPEL YOUR SITE

Do you need a website but have put it in the 'too hard' basket?

Or perhaps the website you have is not bringing you customers?

As of 21 April 2015, Google changed their algorithm to only display 'mobile-friendly' websites in their search results. With more than 50% of web searches happening on mobile devices, that is a lot of potential clients lost.

WRD has designed this package to get you up and running on the web, quickly and easily. We provide guidance every step of the way. Our Propel Package can help you get onto Google, increase your web presence and gain more customers.

Set up and populating of either our exclusive WRD designed template or a template of your choice which includes:

- 5 page fully responsive website
- Copy writing for each page (300-400 words)
- Social media links and feed if required
- Content Management System (CMS) allowing you to update your own website text and images
- The website will be created with your branding in mind
- 6 months FREE website hosting (valued at \$198).

only **\$2,541!**

If this sounds like a package you'd be interested in, please contact our team on 1300 722 896.

Please note: WRD packages cannot be altered due to the heavily discounted nature of the packages. Terms and conditions apply.
